Black Diamond Therapeutics to Present at the Jefferies Global Healthcare Conference

June 06, 2022

CAMBRIDGE, Mass. and NEW YORK, June 06, 2022 (GLOBE NEWSWIRE) -- Black Diamond Therapeutics, Inc. (Nasdaq: BDTX), a precision oncology medicine company pioneering the discovery and development of MasterKey therapies, today announced that its President and Chief Executive Officer, David M. Epstein, Ph.D., will present an update on the Company's progress at the Jefferies Global Healthcare Conference on Wednesday, June 8, 2022, at 3:00pm ET in New York, NY.

A live webcast of the presentation can be accessed by visiting the investor relations section of the Company's website, www.blackdiamondtherapeutics.com. A replay of the webcast will also be available and archived for 90 days following the event.

About Black Diamond Therapeutics, Inc.

Black Diamond Therapeutics is a precision oncology medicine company pioneering the development of novel MasterKey therapies. Black Diamond is addressing the significant unmet need for novel precision oncology therapies for patients with genetically defined cancers who have limited treatment options. Black Diamond is built upon a deep understanding of cancer genetics, onco-protein function, and drug discovery. The Company's proprietary Mutation-Allostery-Pharmacology, or MAP, drug discovery engine, is designed to allow Black Diamond to analyze population-level genetic sequencing tumor data to predict and validate oncogenic mutations that promote cancer across tumor types as MasterKey mutations. Black Diamond discovers and develops selective MasterKey therapies against these families of oncogenic mutations. Black Diamond was founded by David M. Epstein, Ph.D., and Elizabeth Buck, Ph.D. For more information, please visit www.blackdiamondtherapeutics.com.
